

# Stage Plot & Channel List

This is a typical stage plot for us, but not finalized. We send a finalized stage plot after being accepted to perform, once we can confirm our specific musician lineup.

Music Stand (band provides) 
 Wedge Monitor 
 DI Box 
 XLR 
 Mic 
 IEM 
 120v

## Channel List

1	Electric Drum Kit	DI
2	Hand Percussion	Mic
3	Bass	XLR
4	Electric Guitar	XLR
5	Electric Violin	XLR
6-7	Keys & Accordion	DIs
8-9	Steel Pans	Mic
10-14	Horn section	Mics
15	Lead vocals	Mic
16	Talking mic	Mic

## Logistics

- Setup/soundcheck takes 1.5 hours. Teardown takes ~30 minutes.
- We'd like to request a dedicated time and room for a rehearsal, because we're a remote band that assembles only at conventions.
  - A rehearsal would be 1 - 1½ hours, closed to con attendees, and not need AV support. Any panel room with access to power would do.
- We have an electric drumkit, but will gladly play on a backlined drumset.
